Figure 1

Panel A: Line graph showing sucrose intake (g/b.w.) over weeks for WT-Control and WT-CMS. The graph includes error bars.

Panel B: Bar graph comparing immobility time (s) for WT-control and WT-CMS. The graph includes error bars.

Panel C: Bar graph comparing sucrose intake (g/b.w.) for WT and VGLUT1+/-. The graph includes error bars.

Panel D: Bar graph comparing immobility time (s) for WT and VGLUT1+/-.
